

CITY COUNCIL WORKSHOP

Water/Sewer Rate Study

Tuesday, February 8, 2011

Mayor Cassinelli called the workshop to order at 10:05 a.m. Council members Jensen, Greene, Marshall and Forner were present. Cathi Read, Elaine McMillan, and Gail Moore were in attendance. Councilor Greene discussed the many hours he had spent reviewing the various options. Based on his analysis he felt the option with a base of \$22 with incremental rate of \$3.46 per 100 cubic feet was the best option. Discussion followed with the conclusion that the rate structure would be presented to the large users on February 22nd at 6p.m. The council agreed to hold additional workshops on Tuesdays at 10a.m. based on Skip Rand's availability. Mayor Cassinelli adjourned the workshop at 11:40 a.m.

Mike Cassinelli, Mayor

Elaine McMillan, Treasurer
